Strategic Use of Summer & Afterschool Set Asides

Community of Practice Facilitators

Shawn Petty
National Comprehensive Center, Project Co-Lead

Hillary Oravec
National Comprehensive Center, Project Co-Lead

Purpose

- Engage in shared inquiry to promote strategic use of summer enrichment and afterschool set asides
- Learn from successes and lessons learned of other states, districts, RCs, and community partners
- Demonstrate lasting benefits of stimulus funding for students

SEA Outcomes:

1. Strengthened vision and aligned action for high-quality summer and afterschool programming between state, district, and community leaders.
2. Increased state team capacity to test and improve upon strategies on an annual basis.
3. Increased the sustainability of summer and afterschool through improved quality and youth outcomes.

Expected Activities

- 4 virtual peer-to-peer exchanges, 90–120 minutes each
- Guided planning and pre-work for state teams, districts, and community partners
- Facilitator check in and coaching conversations

Members

State teams with 3–5 members focused on supporting LEAs in implementing evidence-based practices for summer learning and afterschool programs.

Suggested members:

- Governor’s education team
- SEA leaders overseeing summer and afterschool strategy, including 21st CCLC Coordinator
- Regional Center
- Statewide summer and afterschool network leaders

How Can a State Team Join?
